ADDENDUM #3
for RFP CDHS 4260-179.1
HIPAA Remediation Services

To All Bidders:

This cover letter is in reference to Addendum #3 to RFP CDHS 4260-179.1. New and revised text appears as a tracked change and is marked with a vertical line in the margin of the page. All other terms and conditions of the RFP remain the same.

The State found all proposals submitted on February 5, 2007 to have material defects. The State is declaring that submittal to be a second draft and in this addendum is calling for new final proposals to be submitted. There will be a confidential discussion as described in section II of the RFP.

The following are major changes included in this addendum:

Section	Description
Section I, Table 1	Key action dates have been revised.
Section VI, TR 26	Staff skill experience for the proposed project manager has been clarified.
Section VI, TRs 30, 32 and 36	Staff skill experience in similar systems has been clarified to require experience with a system similar in size (but not necessarily of scope) as the Bidder's proposed solution.
Section VI, Footnotes	The definition of "a system similar in size and scope" to the Bidder's proposed solution has been redefined, as shown in footnotes in this section.
Section VI, TRs 108, 249 and 397	The required number of licensed users for third-party software proposed by a bidder as part of their solution has been clarified for consistency throughout the RFP to be required for 20 users, not 25 users.
Section VI, TR 345, 346, 363 and 366	The role of State staff in system testing has been clarified in these technical requirements.
Form X.6, Corporate Experience Ref.	The description of a system of a "similar size and scope" has been clarified for consistency.

The changes included in this addendum are significant and should be reflected by each bidder in the Final Proposal.

Please note that the Cost Sheets to be used in bidders' Cost Proposals are the same as originally issued, as no revision to them was necessary.

Please contact me if you have any questions.

Sincerely,

TOM BURTON
